

AZ Burner - DOG AGREEMENT

Dogs must be with a participant 100% of the time.

- Dogs shall not be left unattended.
- Dog participants must be well trained and be on a leash at all times. The owner is 100% responsible for the dog's behavior, interactions with other dogs, other people, and with the land. Dog owners should know that if their dog bites, snarls, growls, or otherwise violates this policy (which will be left up to the discretion of Saguaro Man leadership) that the dog and dog owner will be asked to leave.
- The best policy is to leave your dog at home; if you bring your dog to Saguaro Man, your dog should be well socialized with other dogs and people. Be sure that your dog is compatible with large events - crowds, children, other animals, loud music, bright lights and most of all fire. You are advised to keep them away from camps and parties with loud music and fire effects. Dogs' hearing are very sensitive and can be damaged by loud sounds.
- Each individual owner can bring no more than three dogs. Skirting this requirement by registering your dogs with more than one owner, will be grounds for expulsion from the event.
- Each dog will be issued a numbered tag. Dog & Owner will be registered at the gate. If complaints about the dog are made, they will be written on the owner's registration page and Saguaro Man leadership will be notified. A phone number is mandatory.
- Each dog should be brightly lit at night, for his safety and those around him.
- If your dog is found unattended, without YOU it's owner, found being abusive to other dogs or people, or otherwise causing problems, a warning will be issued and depending on the severity, you and your dog may be asked to leave the and/or banned from bringing dogs to AZBurner events in the future. These decisions will be up to Saguaro Man leadership discretion.
- Dog owners must immediately pick up their dogs waste. Please do not consider that it's okay to litter the land with it. It creates immediate problems for the event.
- The bottom line is that you must have your dogs under control and safely taken care of throughout the event. Bringing a dog to Saguaro Man is a privilege, not a right. Think of it like bringing a baby. You must put your dog's safety and well-being (and the safety and well-being of other animals and participants) first and foremost in your efforts.
